We have a strict policy against spamming. We forbid the sending of unsolicited mass Emails or unsolicited Emails of any kind in connection with the marketing of our programs, products and services.

We reserve the right to terminate a member’s account if we deem the member to be in violation of our anti-spamming policies. We also reserve the right to suspend any person or company’s membership and participation pending review upon receipt of any complaint or other evidence that the member may be engaging in any spamming activity.

We consider spamming to be any activity whereby the member directly or indirectly transmits email messages to any email address that has not solicited such email and does not consent to such transmission. We also consider spamming to constitute posting advertisements in newsgroups in violation of the terms of participation in such newsgroup, that are off topic, or in newsgroups that do not specifically permit advertisements. We also consider it spamming when advertisements are placed on message boards or in chat rooms when they are not permitted by the terms of participation in such message boards and chat rooms.

If a member is “spammed” by anyone regarding our products, services, website, or any other matters, please report this activity to [info@medi.coop](mailto:info@medi.coop). Ensure the words Privacy Policy are in the Subject line.
